ABSTRACT

A catalog of the computer-stored data and the SIRE microfiche series relating to the Second Conference of Ministers of Education of European Member States, held in Bucharest in 1973, is presented. Twenty-eight reports on the theme "Higher Education in Europe" are included in the catalog. The broad topics of correspondence courses, educational policies, evening schools, and international education are covered in the presentations. The catalog provides the computer control number, the serial number of the microfiche containing the full original text, the country and/or authority from which the document originated, the title, the place of publication, the data of issue, the number of pages, the language of the original document, notes providing additional information, and an abstract containing indexing terms for computer storage and retrieval. An index to the computer-stored data and SIRE microfiche is also included. (SC)
